

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

ANNUAL REPORT
OF THE
Pennsylvania Commission of Soldiers' Orphan Schools
FOR THE
YEAR ENDING MAY 31, 1911.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual Report of the Soldiers' Orphan Schools Commission having charge of the schools authorized and established by the laws of the Commonwealth.

This closes the forty-seventh year of the existence of these schools, and the twenty-second year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of Assembly approved May 25th, 1889, and its supplements.

During the past year the work of educating the wards of the State and preparing them to be good citizens, ready when discharged from the schools to be self-sustaining, has gone steadily forward. All the graduates now pass through the Industrial School, where their hands as well as their brains are trained for future usefulness; and it is the expectation of your Commission that within a year of this date all the pupils of the Soldiers' Orphan Schools will be assembled at the Soldiers' Orphans' Industrial School at Scotland, Pa., where provision will be made for them out of the appropriation for the two years beginning June 1st, 1911.

There are six hundred and thirty-three pupils now in the two schools, and in the following detailed report appears their names, date of birth, name of father, record of his service, etc.

The schools have maintained their excellent condition during the past year and never were in better shape to produce good results than at the present time. The Superintendents of the two schools, Dr. M. B. Hughes at Chester Springs and William H. Stewart at the Industrial, are devoted to the work under their charge, and their account of the work which appears in detail in this Annual Report, shows the most gratifying results.

The expense attending the running of the schools is fully set forth in the Financial Report appended herewith, and we have used the greatest economy consistent with producing the best results in all the departments.

The moral, educational and industrial training given to the children of these schools is fully up to the standard fixed by the most advanced educational and training thought of the land, and fills in full measure the requirements of the laws of Pennsylvania. The excellent sanitary condition of the buildings and property in charge

of the Commission is established by the significant fact that the death rate was so small where there are so many children. This condition is due to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the Superintendents and employes of the schools. Physical and military training are important factors in the formation of regular habits, and these two elements are required at both schools.

We would especially direct your attention to the fact that during the years that have passed since the organization of the Soldiers' Orphan Schools, nearly twenty thousand young men and women have received a thoroughly practical education in the several schools in charge of the Commission, have gone out to perform their part in the world's work, assuming, many of them, high and important positions in this and other States. The school has furnished experts from the different industrial departments at the Scotland School, such as machinists, draftsmen, telegraphers, stenographers and typewriters, etc., and many of the graduates of these schools are now filling high and honorable positions in the land, some of them being Judges of our Courts, Ministers of the Gospel, Presidents of manufacturing concerns and employes of many of the vast and great manufacturing enterprises of the State and Country. They have gone out into the world to perform their part in its work, and have assumed the problem of life with educated minds, trained hands and sound bodies, and to-day are valuable factors in the body politic in every part of our State, influencing its laws, its customs, its professions and every branch of its mechanical and industrial pursuits. Of this vast number, less than one per cent. has failed to profit by the bounty of the State, and the training received from the constant precept and practice while in these preparatory schools.

The high character and efficiency of the Superintendents and their corps of assistants is highly commended by the Commission for the great work they have accomplished, and in conclusion, the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the press and clergy, as well as every citizen of the State at large, to visit these schools and see the magnificent work and the splendid results achieved by them. The schools are always open and ready for inspection.

We herewith submit tabulated statements of all matters in any manner connected with the schools, together with itemized accounts of all moneys received and expended. Respectfully submitted by order of the Commission.

L. G. McCAULEY,
Vice-President.

JAMES F. MORRISON,
Secretary.

REPORTS OF SUPERINTENDENTS.

CHESTER SPRINGS S. O. SCHOOL.

Chester Springs, Pa., June 30th, 1911.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit the Twenty-first Annual Report of the Chester Springs Soldiers' Orphan School.

On the occasion of our last report, June 30th, 1910, there were on our roll the names of 193 boys and 130 girls, a total of 323 pupils. During the year ending June 30th, 1911, there were admitted 54 pupils, making a total on the roll during the year of 377. During the same period there were discharged by transfer to the Soldiers' Orphan Industrial School at Scotland, Pa., 116, and by order 6, making a total loss of 122 pupils, leaving on our roll June 30th, 1911, 157 boys and 98 girls, a total of 255.

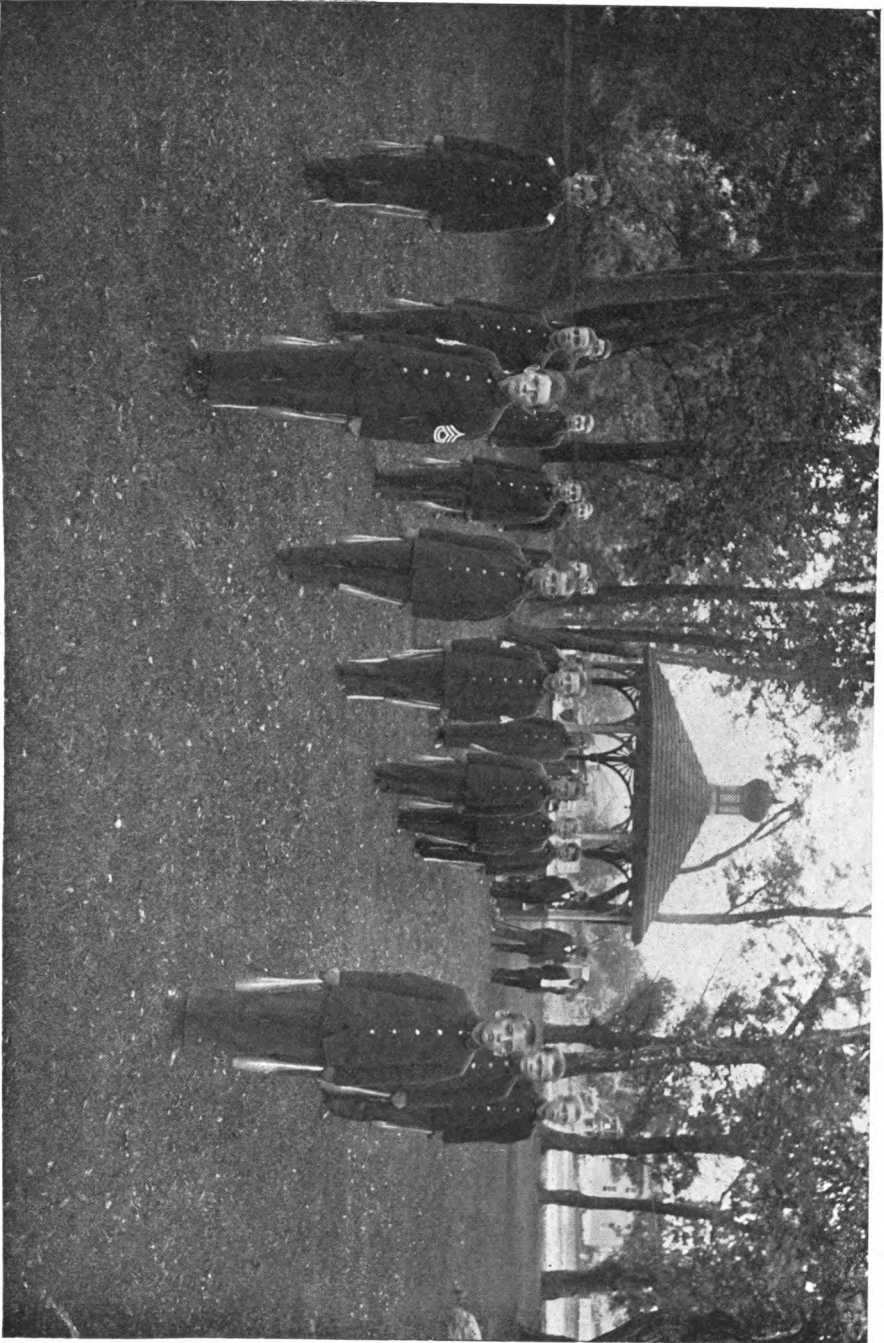

Thanks to an All Wise Providence, no contagious disease nor epidemic has visited our school during the entire year. We have had no serious illness, and when the statement is made that a school, with more than 375 children ranging in age from two years to fourteen, the time when children are subject to all the diseases incident to childhood, an entire year has passed with the above record, it must impress every one who reads this report, with the fact that a most vigilant care has been observed in regard to regularity, sanitation and diet in order to accomplish this result.

As usual all our holiday seasons were appropriately observed. The usual Sabbath services, Sunday School and preaching by the neighboring pastors, have been kept up during the year.

Memorial Day was observed by the usual memorial services at Vincent Cemetery, where the graves of the Veterans and those of our own pupils who lie sleeping there were decorated with the beautiful flowers of springtime and a very interesting patriotic address delivered by the Hon. B. F. Hughes, of Philadelphia.

Our annual commencement exercises were witnessed by a large number of citizens of the neighborhood, by Hon. Levi G. McCauley and Col. James F. Morrison on the part of the Soldiers' Orphan Commission, by the Committee on Soldiers Orphan Schools of Genl. Geo. A. McCall Post, No. 31, G. A. R., of West Chester, Pa., accompanied by their wives, and a number of the comrades of the Post also accompanied by their wives.

As an evidence that the work done in every department of the school during the year has been as fruitful of success as that on any previous year, I desire to submit the report of the Committee of Genl. Geo. A. McCall Post, unanimously adopted by the Post, which I trust may be printed as a part of this report,

Boys Battalion Chester Springs S. O. School.

I shall not be personal in referring to the employes. Whatever success has been attained is due to the united efforts of all.

In closing this report, I desire again to thank the members of the Soldiers' Orphan Commission for uniform courtesy and kindness during the year, and to attest once more their interest in making the children of their late comrades comfortable and happy, having refused nothing asked for, which would in any way add to their welfare. Hon. L. G. McCauley, Vice-President of the Commission, has visited us several times during the year with the view of having a personal knowledge of the management and needs of the school, and has been most helpful with advice and suggestions.

I am, very respectfully and sincerely yours,

Dr. M. B. HUGHES,
Superintendent.

Headquarters Gen. Geo. A. McCall Post, No. 31
Dept. of Penna., G. A. R.,

West Chester, Pa., June 23rd, 1911.

At a stated meeting of this Post, held this day, the following report was presented and read:

"We, the undersigned, members of this Post's Standing Committee on Soldiers' Orphan Schools, having in our official capacity, attended the Annual Commencement Exercises of the Soldiers' Orphan School at Chester Springs, Chester County, Penna., held on Tuesday, the 20th instant, do respectfully report:

"That in company with several other persons, citizens of this Borough, we were conveyed to Chester Springs in carriages. We started at about eight o'clock A. M. The weather was most favorable, and the roads in excellent condition, and the trip was altogether enjoyable.

"We reached the school at about ten o'clock A. M. The pupils were in line and welcomed us with a "Salute," and with music rendered by the Boys' Band connected with the School.

"The healthy and neat appearance of the pupils impressed all visitors, and, added to that, was the very evident interest exhibited by the children in all that related to the occasion.

"Various drills and military evolutions followed, all of which were performed with great precision, giving evidence of the efficiency of the training they had received from Dr. M. B. Hughes, Superintendent, and other instructors, a feature that was peculiarly gratifying to us, inasmuch as our Comrade, Major Beekman, has an important part therein, as the Military Instructor of the School.

"At the noon hour a generous dinner was furnished alike to pupils, teachers and guests, and there, in the commodious, well-lighted, well-ventilated, well-equipped and well-managed Dining Room, we had another opportunity for observing and studying the bright and happy faces of the pupils, and the marked decorum that was at all times conspicuous.

"During the afternoon there were additional drills, notably a 'Fire Drill,' which served to show the promptness and reliability the boys can be depended upon to exhibit in emergencies.

"Your Committee remained throughout the afternoon, and partook of the evening meal, and then returned to West Chester, where we arrived at about eight o'clock P. M.

"We desire to make our report as brief as possible, and hence have avoided unnecessary detail, but we feel that we would omit an important feature if we failed to describe the condition of the school grounds and buildings. They are in excellent order, showing vigilant care on the part of those who are in charge. The sanitary conditions of the place are excellent, and the health of the inmates may be appropriately described as phenomenally good. And above all, we desire to testify to the evidence furnished of the loyalty of the pupils to the work engaged in, and to those who are prominent in that work. They evince a high appreciation of what is being done for them in advancing them to honorable and useful citizenship. They show marked attachment to and respect for Dr. Hughes, and are happy, hopeful and healthful.

"The occasion, moreover, served to demonstrate the high regard entertained by the community of the school, and the work it has done and is doing.

"Respectfully submitted in F. C. & L.,

"(Signed)

T. B. AITKEN,

"WM. S. WALTON,

"EDWARD A. HODGSON,

"PASSMORE W. HOOPES,

"JOS. B. DARLINGTON."

Upon the reading of the above report to the Post, the same was unanimously adopted.

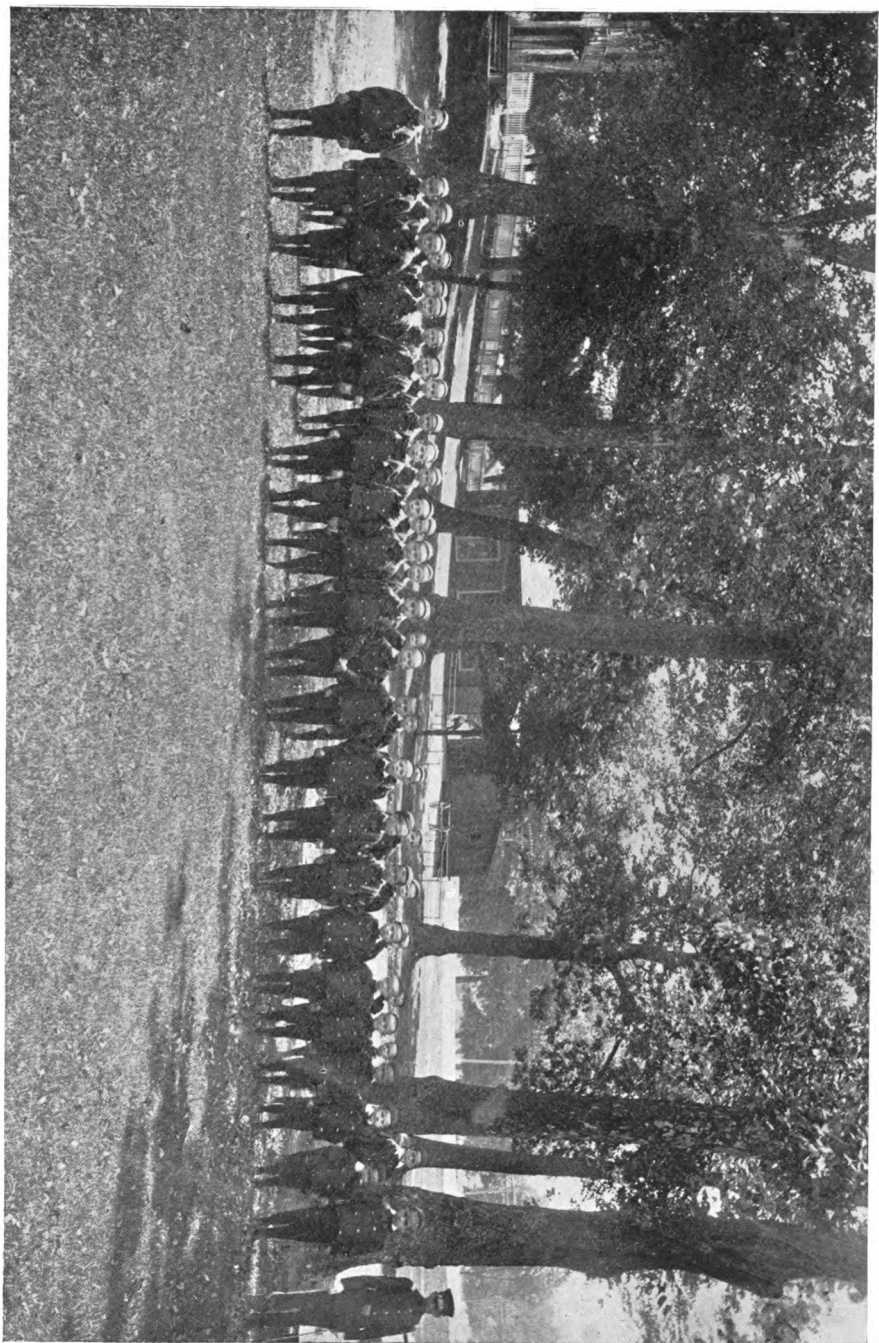

Respectfully submitted,

S. G. WILLAUER, Commander.

SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., June 30, 1911.

Commission of Soldiers' Orphans' Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit herewith the sixteenth annual report of the Soldiers' Orphans' Industrial School.

At the closing of the school term, June 30th, 1910, there were some improvements not finished that were started during the previous year. The most important being the removal of the last two boilers in the power plant, and installing the two new ones to complete the plant with four new and improved boilers of the Horizontal Tubular Type, 66 inches in diameter by 18 feet long, to stand a safe working pressure of 125 pounds per square inch. In due time this work was completed and inspected by the Hartford Boiler Inspection and Insurance Co., in which company the boilers are insured, and found to be fully up to the standard and in accordance with the specifications.

Another improvement in the boiler room made during the year was the walling off of the coal room from the boiler room, and also building a pump room, this reduced the dust in the Boiler, Engine and Pump Room to a minimum when unloading coal, making it more pleasant for the Engineer and pupils in that department, and protecting the machinery, which was very necessary, as it is of the greatest importance in prolonging the life of machinery to keep it free from dust and dirt. Another improvement in the power plant was the installing a new and up-to-date Storage Hot Water Heater, 300-gallon capacity, suitable for a consumption of 6000 gallons per hour.

Another important improvement made in the past year was the changing the method of pumping water for the school from steam to electric driven pumps.

Formerly the pumping plant consisted of two steam boilers and two steam pumps. These were left just as they were and can be used in case of any trouble with the new electric motor or pump. The new outfit consists of a Goulds triplex outside packed plunger pump. Plungers 8 inches by 10 inches stroke driven by a 25 horse power Westinghouse direct current motor. Current for the same is furnished from the main power plant. In connection with this change the method of lighting the drives, pump house, farm house and barn was also changed, all of the old unsightly poles and overhead wires across the lawn were removed. The wires for all purposes herein named were placed underground, run in conduits, bedded in concrete, according to the system followed on all work of this kind by the United States Government. Neat iron poles were placed where a light was required along the drives, and all the old wood poles removed and not before it was necessary, as we found when we came to remove them, many were found so rotten at the base that a moderate wind was liable to blow them over, and run the risk

or injuring any person who might happen to be in the way. All the changes and improvements herein noted have been completed and working very satisfactory.

During the vacation period of 1910 the pupils who did not go away on vacation were provided with suitable amusement from time to time, notably on the evening of July 4th, we had a fine display of fireworks on the lawn, which was not only enjoyed by the pupils, but by many persons in this locality. A picnic at Mont Alto Park, August 9th, is also one of the very pleasant recollections of 1910 vacation. A special train was provided; they left the school in the morning at 8 o'clock, and returning left the park at 7 o'clock in the evening, giving them a good day's outing and pleasure. Every person at the school who had attended the former vacation outings or picnics agree that this was the most pleasant they ever attended.

There were several changes in the list of employes at the opening of the school, September 1, 1910. Mr. John H. Pomeroy, who had been the head of the printing department from the time it was started, resigned to engage in other business. Mr. E. V. Fry, of Chambersburg, was appointed in his place. Miss Ruth Etter, Tailoress, resigned, and Miss Lou Dornor was selected for the place. All of the new appointees have been entirely satisfactory in every way. Miss Anna Morton, School and Music Teacher, also resigned, September 1st, and in the early part of October was married to Col. W. C. Bambrick, the Assistant Superintendent and Principal. Mr. Calvin L. Wagoner was appointed to take her place as a teacher, but Mrs. Bambrick continued as instructor of music until the end of the school year. Mr. Wagoner proved himself a valuable addition to the faculty.

The annual commencement exercises held June 22nd and 23rd were attended by a large number of visitors, including a majority of the Commission, Department Commander N. P. Kinsley and members of the G. A. R. from not only this locality, but from other sections of the State. Mrs. John B. Evans, of Carbondale, while attending the commencement, favored us by singing patriotic songs from time to time during the exercises.

The graduating exercises, held in the morning of the 23rd in the Auditorium, was an impressive ceremony, and will no doubt be long remembered by not only the pupils in the graduating class, but by every person fortunate enough to be present.

Forty-one graduates were presented with diplomas by the Hon. W. Rush Gillan, President Judge of Franklin County, who in a short address gave them some good, wholesome advice for their future guidance when called upon to take up the battles of life. One of the pleasant surprises during the exercises was the presentation of two silver medals and five books by Mr. W. J. Dooner, of Philadelphia, to pupils making the most satisfactory progress during the school year.

The exercises closed on Sunday, June 25th, by the preaching of the baccalaureate sermon by Rev. J. E. B. Rice, the Chaplain of the school.

The system of instruction in the Industrial Departments has been continued along the same lines as in the past, and the work accomplished in the past year has been fully up to the standard.

While it was not on exhibition in either the wood or machine department during commencement, the article most admired by every person was the large hall clock, the product of both these departments, on exhibition in the parlor. The case was made in the wood department and the works in the machine department. This clock is by far the finest piece of work ever made in this school, but it does not say that it was all that was done in the past year, as aside from the clock the balance of the work on exhibition in both these departments was fully up to the standard of previous years.

In the printing department the school News was issued as usual every second and fourth Thursday of each month for the entire year, in addition to the necessary printing for not only this school, but Chester Springs School as well.

The work of the Tailoring and Dressmaking Departments in the past year is as follows:

Work in the Mending, Shoe Repairing and Laundry Departments in the past year has been satisfactory in every way.

The assignment of pupils to the various departments has been the same as on previous years. Each spending half day in school and half day in the industry to which they were assigned.

While the health in general of the pupils has been very good during the past year, yet I regret to report two deaths. Nellie Robinson, after returning from vacation, it was found after careful examination, had contracted tuberculosis. Principally through the efforts of Hon. Thad M. Mahon she was admitted to the Mont Alto Sanitorium, November 29th, 1910, but the trouble seemed to have gone too far and she died in April, 1911.

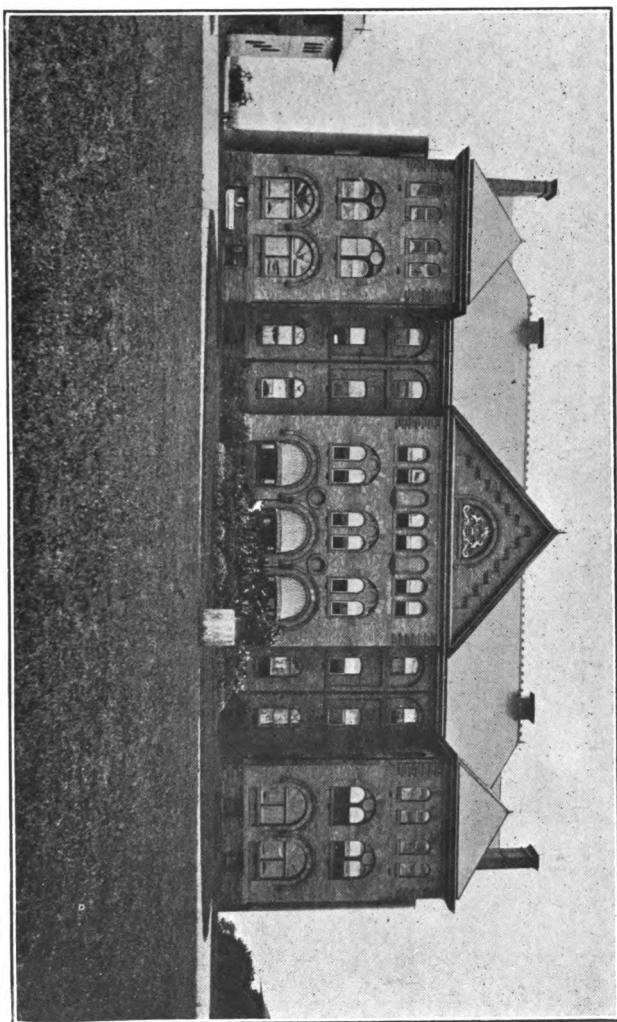

Henry Adams was admitted to the School Hospital, December 22, 1910. After careful treatment for some time he gradually grew worse. Dr. John T. Culp, of Harrisburg, was called in consultation and after a very careful examination the case was pronounced spinal meningitis, and an operation recommended as the only chance of saving his life.

He was immediately taken to the Harrisburg Hospital and operated on by Dr. Culp, but he died the next day, January 19, 1911.

See detailed reports of the School and Military departments and the Band and Orchestra, by the persons directly in charge. In conclusion permit me to thank the members of the Commission for many courtesies, and the employes for their faithful performance of duty at all times.

Very respectfully,

WM. H. STEWART,
Superintendent.

Main Building S. O. Industrial School.

Mr. Wm. H. Stewart, Supt. Soldiers' Orphan Industrial School, Scotland, Pa.:

Dear Sir: I herewith submit the sixteenth annual report of the Educational, Military and Commercial Departments.

The policy of previous years, to give frequent examinations and tests, has been continued and every possible inducement given pupils to advance. Special classes were organized for backward pupils and an effort made to give them the training they could take to advantage. Classes for pupils who have advanced beyond the stated curriculum have been maintained throughout the school year. The success of these classes can best be noted by referring to the uniform high standing our pupils take on entering more advanced schools.

Pupils recently graduated from this institution are doing good work in the better schools of this and other States.

While the hours devoted to Industrial training necessarily shorten the hours devoted to class room work the same curriculum is maintained, and same advancement is made that is required where pupils devote full time to books. This is rendered possible by almost perfect attendance, promptness, obedience, and study periods under care of the teachers. Each higher grade pupil has been required to teach classes in lower grade work under direct supervision of the principal.

Neatness and accuracy in all written work has been diligently sought. The commendation of experienced teachers, who examined the annual display, leads us to believe that a high degree of excellence has been attained.

The work of the Curtin Literary Society has been highly beneficial and the last public program was probably the best ever given by the Society since its organization.

Thanksgiving, Christmas, New Year's, Lincoln's Birthday, Washington's Birthday, Easter and Memorial Day were fittingly celebrated. Special vocal and band music was prepared for each occasion.

Daily chapel exercises and weekly Sabbath School classes were maintained as usual and the Girl's Christian Endeavor Society did good work. Rev. J. E. B. Rice, of Scotland, preached in the school Auditorium on each alternate Sabbath afternoon.

A class of forty-one was graduated on June 23rd and the honor pupils delivered their orations before a large and intelligent audience. The other members of the class prepared and gave their orations before the pupils and faculty previous to commencement time.

Hon. W. Rush Gillan, present Judge of Franklin County, in an eloquent and masterful address, presented the diplomas to the class of 1911.

Commercial Department.

The classes in stenography, typewriting and telegraphy were given thorough training along their respective lines. Many of the more proficient being given actual practice in doing clerical work in the offices of the Superintendent and Principal.

Pupils completing the prescribed work in this department and showing No. 1 efficiency have been uniformly successful in securing employment in honest competition with more highly favored boys and girls.

Military and Physical Culture Department.

The Military organization for the past year has been a three company battalion. All the boys have been required to take part in the infantry drills and ceremonies, unless physically disqualified. The officers and non-com. officers are given instruction and responsibilities to correspond with their rank. Both boys and girls are given carefully selected exercises, for the symmetrical development of their bodies and preservation of their health. The drills have been short, frequent and varied.

On special occasions, many exhibition drills have been given during the year, but training and development is the primary purpose and aim, of all the exercises.

Outdoor sports have been encouraged and taught by competent instructors. The tennis, skating, swimming, football, baseball, croquet and many other games have been indulged in generally and with profit and pleasure to the entire student body.

As a rule the children have been obedient, studious and industrious. The continued support and counsel of superiors, together with hearty co-operation of subordinates, has borne good fruit in the satisfactory results attained.

Respectfully yours,

W. C. BAMBRICK,
Asst. Supt. and Principal.

BAND AND ORCHESTRA.

Scotland, Pa., June 30, 1911.

Mr. Wm. H. Stewart, Supt. S. O. I. S., Scotland, Pa.:

My Dear Sir: I have the honor to submit a report of the Band and Orchestra for the year that has just closed.

Our Band numbers forty-five pieces; of this number, six were new boys. We had two rehearsals daily, five days in the week, we furnished music for all drills and dress parades during the school term, and gave a number of concerts at school during the winter. Our Band filled a number of engagements away from the school, as follows: National encampment G. A. R., at Atlantic City, N. J., September 19-23, where we furnished music for receptions, campfires and we had the honor to lead the great Department of Pennsylvania parade. On our way to the shore we stopped over in Philadelphia for several hours, we serenaded at City Hall, where many G. A. R. men are employed. We serenaded the Philadelphia Inquirer and posed for a picture. Among other things the Inquirer said was, "during the serenade it was demonstrated that the band was one of the finest musical organizations of its kind in the country." After a complimentary dinner furnished by W. J. Dooner, at Dooner's Hotel, we left for Atlantic City. The following from the Atlantic Review and Atlantic City Union:

"The boys' band led the Morris Guards from their armory to the Steel Pier for the reception given to the National Commander. They won many plaudits on the line of March and great applause at the reception." Atlantic City Union says, "Boys' Band is big feature. They play music of which many of the most lauded musical organizations in the country might well be proud."

September 27, at Gettysburg, dedication of the handsome monument to the Pennsylvania soldiers who fought at Gettysburg, July 1, 2 and 3, 1863. October 18th, parade and unveiling of cannon at Carlisle, Pa. January 17th, we took part in the Inaugural parade of Governor John K. Tener, at Harrisburg. May day exercises Wilson College, May 20. At Pleasant Hall, May 27th, unveiling of the John Kremer monument. On Memorial Day, May 30th, I divided the band into two details for the day, furnishing music in the following cemeteries, two at Greenvillage, Mountain Green, White Church, Brindles', Whitiner's and Scotland.

I received the following for the Band: One new bass drum, one new Eb tuba, one new Bb baritone, and fifty music pouches with belts. The music played by the band was by the best authors. The Orchestra numbered 12 pieces. Band and Orchestra had many invitations they could not accept on account of school duties. The deportment of the boys was good. In conclusion I want to thank you and the commission and all interested for many courtesies.

Most respectfully,

CHARLES E. MENTZER,
Instructor Band and Orchestra

IN MEMORIAM
GENERAL J. P. S. GOBIN.

On the first day of May, 1910, General John Peter Shindel Gobin died at his home in Lebanon, Pa.

He served faithfully on the Soldiers' Orphan School Commission from 1890 to 1898, and again from 1907 to 1910; and gave his best services to the schools.

His large and varied experience in two wars, and his lifetime membership in the National Guard of Pennsylvania, naturally stirred in him a very great interest in the welfare of the children of his late comrades; while his experience in the civil affairs of his State, put him in a position of great usefulness to the Commission, and he was at all times ready to give of his time and his talents to promote the welfare of the orphans under his charge.

LAWS REGULATING SCHOOLS.

ACT OF 1867.

To provide for the continuance of the education and maintenance of the destitute orphans of the deceased soldiers and sailors and the destitute children of permanently disabled soldiers and sailors of the State.

Whereas, Several considerable appropriations have been expended, for the proper education and maintenance of the destitute children of the men of Pennsylvania, who died in defense of the Union during the late rebellion;

And whereas, It is incumbent upon the State to continue this provision for those children who are now hers;

Section 7. That all contracts made by said Superintendent shall be characterized alike by a wise economy and a just regard for services rendered, and that no contract shall be made for a longer period than one year, unless with the sanction of the Governor, and in cases in which it is clearly the interest of the State to contract for a longer period, such period in no case, however, to exceed five years: Provided, That all the contracts made under this act may be annulled at any time for failure to fulfill the conditions of such contract shall be made upon the condition of the continuance of said Soldiers' Orphan Schools by the Legislature of the State.

orphans under his charge, their condition and progress, the number of each respective age, from four to sixteen years, and such other information as he may deem expedient, together with the statement of receipts and disbursements by item, and estimates for ensuing years.

Section 11. That when any of said orphans shall have arrived at the age of sixteen, or sooner, if deemed expedient, said Superintendent shall, at the written request of said orphan, and of his or her mother, guardian or next friend, put or bind him or her out to such trade and employment, and to such master or mistress, or employer, as shall thus be requested, and for such terms as shall expire, if a male, at or before the age of twenty-one, and if a female, at or before the age of eighteen years; in which indenture or apprenticeship, there shall be included such covenants for the future education of the orphan as said Superintendent may prescribe; and such apprenticeship shall be in all other respects, not herein provided for, subject to the provisions of the act of Assembly relating to the masters and apprentices, and the supplements thereto.

Section 12. That upon the arrival at the age of sixteen years, each of said orphans who shall not desire to be apprenticed to a trade or employment, shall be restored to the mother, guardian, or next friend, with a full outfit of clothes, and a certificate signed by the Superintendent and the principal of the proper school, showing his or her moral standing, and literary and industrial attainments and qualifications.
